

## SIAB Play 10 Projector Mount Design Elevation Plan - Version 1-31-2025

### 4:3 Viewable Image:

93" h x 102" w  
Projected from 176" @ 97.5" h  
Epson Home Cinema 1080  
Sim space 120" h x 144" w x 240" d

### Projector Video Signal:

HDMI cable **or** 1.5" conduit w/pullstring  
(projector to PC) on threaded 1.5" pipe,  
ceiling or wall.

**Projector Mount:** Threaded 1.5" flange &  
10.5" x 1.5" rigid pipe. Drop ceiling  
mount, centered to screen.

**GC3 Data:** (GC3 to PC) USB C 15' cable to  
PC.

The SIAB Play 10 specs are as follows:  
(enclosure outer dims) 10'W x 8'-6"H x  
5'-4"D (120" w x 102" h x 64" d). Viewable  
Screen dimensions are 102" W x 93" H. **(A**  
**121" w x 93" h projected image must be**  
**pulled in to fit the 102" w).**

**Caution must be taken when ceiling  
mounting the projector to get the image  
to fill under the enclosure at 102" h and  
over/around the golfer while keeping a  
safe swing radius.**
